

# THE REAL HUMAN BODY ANATOMY EXHIBITION

## AN EXHIBITION THAT GETS UNDER THE SKIN...

The only of it's kind in Australia - step inside the exhibition to gain a comprehensive insight into the extraordinary human anatomy and physiology by viewing real human bodies preserved by the process of plastination.

## WHAT WILL I SEE?

On display are 15 plastinated specimens:

- Full male body
- Full female body
- Human heads
- Heart
- Lung
- Hand & wrist
- Human Foetus
- Placenta
- Rectum
- Digestive Tract
- Brain stem
- Brain with nervous system
- Ear with Ear Canal
- Eyes with optic nerves

Plus real human skeletons and a number of sheet plastinates
